(Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: On 11/01/04, Applicants' representative contacted the examiner regarding the printing of the wrong set of claims in the instant application (which issued as Patent No. 6,743,823). The examiner confirmed that it appeared that the originally filed claim set had been printed in error (despite the fact that the claims had been amended by Applicant, and amended again by Examiner's amendment prior to allowance). The examiner indicated that she would discuss with her supervisor (Gary Jones) how the problem could be corrected and get back to applicant. On 11/02/04, the examiner contacted Applicants' representative and indicated that SPE Jones would be requesting issuance of a Certificate of Correction in order to correct the Office's error..
